

MOBILE ALERTS (NOTICES) WILL BE DELIVERED FROM '84804'

SoCalGas has recently performed an update related to the underlying technology that allows Envoy users to receive notices through mobile devices. Moving forward, Envoy users who have subscribed to receive notices through a mobile device should expect to receive text messages from the number '84804'. For Envoy users who have already subscribed to receive notices through a mobile device, there is no action required on your part. For Envoy users who have not subscribed to receive notices through a mobile device and would like to receive notices through a mobile device, login to Envoy, go to Manage Alerts, then enter the required information.

ENHANCED KEYWORDS SEARCH FOR PUBLIC NOTICES

Envoy users may now use the 'Keywords' search function available within Envoy's 'Notices' pages to search for words within the body of a notice in addition to words within the subject line of a notice.

OBSERVED HOLIDAYS FOR SCHEDULED QUANTITY & DAILY DELIVERY TRADES

Envoy users may now view a list of SoCalGas' observed holidays for Scheduled Quantity Trades & Daily Delivery Trades through Envoy's public homepage. Navigate to the 'Scheduled Quantity & Daily Delivery Trade' widget and see the link titled 'SoCalGas' Observed Holidays'.

NEW STORAGE AVAILABLE CAPACITY VS. SCHEDULED SCREEN

A new Envoy screen named 'Storage Available Capacity vs. Scheduled' is now available. This screen displays nomination quantities and scheduled quantities for Net Storage Injection and Net Storage Withdrawal, by Flow Date and by Cycle. The existing screen named 'Available Capacity vs. Scheduled' has been renamed to 'Receipt Point Available Capacity vs. Scheduled' to distinguish the storage-related screen from the receipt point-related screen.

REMINDER REGARDING GAS SCHEDULING CYCLE EXTENSIONS

If you'd like to see if a cycle has already been extended, go to Envoy's public homepage, navigate to Notices, Extended Deadlines, then note whether the cycle of concern has already been extended.

NOTES & FEEDBACK

Please remember to clear your browser's cache if you do not see these listed updates. SoCalGas continually works on updates to its Electronic Bulletin Board (EBB). We invite Envoy users to propose updates that they would like to see to the EBB. Your feedback provides SoCalGas insight regarding common issues and helps prioritize future projects. Users may provide these proposals to their Account Executives or email Envoy@socalgas.com.
